# ANGELS IN THE BIBLE ARE THE MESSENGERS OF ALIEN GODS

## Angels series - Episode 1 with Dr. Michael S. Heiser

To me there is no subject more important than to learn who is behind all of the corruption on earth. If you don't learn this then you will nervier be able to put your puzzle together. The Jewish and Roman Catholic Church has been lying to all of us about many things they do not want us to know the truth about. To start with, be careful when you use the word god because most of the time you are referring to ALIENS not Our Heavenly Father.

## Principalities (Fallen Angels)

This teaching will address what the Bible refers to as principalities and powers. Principalities and powers are not demons, they are fallen angels. Fallen angels have a much greater level of authority than demons. The Holy Spirit says through Paul, "For we do not wrestle against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this age, against spiritual hosts of wickedness in the heavenly places" (Ephesians 6:12 NKJV).

Jesus and Paul warned us about these "Evil Powers and Principlities"

The word angel to the Jews was defined as " messenger." The Christian Church refuses to talk about angels because we would have to delve into who they are and what their purposes is. The subject is subtly IGNORED and swept under the rug. We are supposed to think they are our guardians and that they are good beings, which is the opposite from the truth in most cases. That does not mean that we don't have guardian angels helping us but they are unseen for the most part and are not those beings we read about in the Bible.

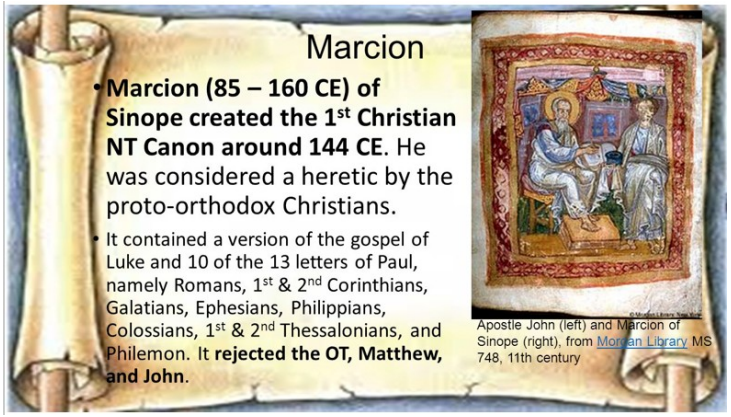
What we read about in the Bible are aliens. Yes, I said aliens. The Jews worshipped ALIENS. They compiled the Old Testament ideologies and books and corrupted the New Testament with the same ideologies.

When the Jewish writers use the word god in the Bible, it is a reference to one of the alien ELOHIM gods or to Yahweh

Ildabaoth the Demiurge who was a lesser alien god among the pantheon of alien gods.

There are many examples in the Bible and the surrounding literature about these spiritual beings we call aliens today. These spiritual beings are described as having a variety of tasks, including taking care of creation, overseeing the well being of humans, performing errands across the cosmos, assembling in a divine council before the throne of God, and acting as messengers and intermediaries between God/god and human beings.

The word god does not refer to OUR HEAENLY FATHER who Jesus came to introduce to the world to much later in time. Those references can be found in the New Testament.



Marcion
• Marcion (85 – 160 CE) of Sinope created the 1st Christian NT Canon around 144 CE. He was considered a heretic by the proto-orthodox Christians.
• It contained a version of the gospel of Luke and 10 of the 13 letters of Paul, namely Romans, 1st & 2nd Corinthians, Galatians, Ephesians, Philippians, Colossians, 1st & 2nd Thessalonians, and Philemon. It rejected the OT, Matthew, and John.

I do not agree with everything Michael Heiser states' because he is quoting from the Roman Bibles, where I refer to the beliefs that were probably in the ORIGINAL Bibles, which were destroyed by the Jewish, and Roman Catholic Church (JROCCC) organizers.

Angel aliens did not have wings.  Wings were a symbolic reference their chariots of fire, whirling wheels" that hovered in the clouds.

One of the most important elements in the ancient understanding of these beings known as the WATCHERS is that a group of them became wicked, rebelled against the supreme God (who appears to be Jesus or Our Heavenly Father) or may be the leader of the Watchers themselves. The reference is not clear.  They are still mating with and tweaking human DNA today.

These FALLEN alien gods ultimately founded the religions we have around the world, and that includes the Jewish religion. The traditional interpretation of the story in Genesis 6:4 about the “sons of God” sleeping with human women indicates to us that these were alien beings from an other dimensional world who committed adultery with human women and produced half-human, half-spirit hybrids that the Bible refers to as “nephilim” alien human hybrids races and the “giants” of old. This story is elaborated in the Book of Enoch, a non-Biblical writing from the second temple period (~200 B.C.), which the Biblical authors took as authoritative (Jude 1:6-7 and 1:14-15; Heb 11:5).

Ephesians 6:12

In the story, the “sons of God” are fallen spiritual ALIEN creatures who taught secret knowledge to their human wives and sons, including the art of making poisons and metalworking. These aliens taught their hybrid races to create weapons and to wage war. This is what lead to the corruption and immorality that ultimately caused the Great Flood period known historically as the Younger Dryas Earth Changing perio which began 12.500 years ago.

"The gods gave these writings to the Jews

or any instruction to take the people out of Egypt, and if so who gives that instruction?

These alien gods would give the Jews their scrolls or use other methods to mind game their hybrid races with their religious theologies etc.

These aliens all had their own territories and tribes that were assigned to them in the Middle East and around the world.

It is the descendents of these hybrid races who are being abducted and tweaked today.

Here is the abduction story of Betty and Barney Hill:

## BETTY ANDREASSON ALIEN ABDUCTION STORY

https://www.encyclopedia.com/science/encyclopedias-almanacs-transcripts-and-maps/andreasson-betty

Betty Andreasson, who in 1967 claimed she experienced an encounter with UFO beings, became the subject of one of the first controversies over the claimed contact with extraterrestrials that engaged the whole community of UFO researchers. In 1979, Raymond Fowler wrote the first of four books discussing what became known as the "Andreasson Affair."

Andreasson's story began on the evening of January 25, 1967, in South Ashburnham, Massachusetts. The lights went out in her home, and her seven children and her parents,

who were visiting, gathered in the kitchen. Her father looked out the back window, attracted by a pink light that was shining, and he saw several little creatures which he thought of as Halloween-like entities. He made a passing note of them, but did not do anything. The next morning, all appeared to be back to normal, except Andreasson had a strange feeling that something out of the ordinary had happened. Over the next few weeks she had flashbacks of humanoid creatures and an otherworldly environment, but it was not until 1977 when she underwent some hypnosis sessions that the entire story surfaced. It appears that soon after her father saw the creatures, all of the family was placed in a state of paralysis and several small gray beings entered the house and addressed her telepathically. They took her aboard their spaceship, an action requiring Andreasson to pass through the closed door of her house and to float toward the disc-shaped craft.

On board the ship she was run through a series of tests that included probes of her body with a needle and the removal of a small object from her head by a needle inserted into her nostril. She next had a visionary experience of traveling into another world where she met a being whom she, a Christian, saw as God. The voice told her that she was a chosen one. The events aboard the ship closed with a final lecture by an entity earlier identified as Quazgaa, who told her that she would forget what had occurred for a while, but that he and his companions loved humanity and had come to help. Humans needed to study nature to rid themselves of their self-destructive tendencies. They left her with a book, which she examined several days later, but again only remembered in 1977.

Her complex story mixed elements of what came to be known as UFO **abduction** accounts with **contactee** themes of a religious-like mission. While UFO investigators would study abductions intensely through the 1980s, they avoided contactee accounts (previously denounced as hoaxes or products of delusion) until a number of the abductee stories

began to add contactee-like content. As her full story unraveled, Andreasson told of a series of encounters with the saucer entities that went back to her childhood. Following her marriage in 1978 to Bob Luca, she settled in Connecticut, where her home became the scene of a variety of psychic and unusual occurrences. Luca himself would undergo hypnosis to tell of a similar set of encounters to those already described by his new bride. New experiences continued into the 1990s.

The Andreasson Affair was integrated into the whole study of abductions during the 1980s, a study that continues. Though a number of leading UFO researchers have gone on record as believing the abduction stories, their work has yet to produce consensus or what many would see as hard evidence. Final evaluation of the Andreasson encounters awaits a final resolution of the issue of abductions. Skeptics have offered variant explanations from lying (the least credible hypothesis) to subconscious fantasy. Andreasson has continued to integrate her experiences, which she sees as evidence of the government of God over the world, into her Christian beliefs.
